## YOUR TRIP

You and your Sachem brothers choose your own trip in conference with the head counselor and adventure director. In addition, you are part of "Sach-Wars" a special color war just for Sachem, as well as evening trips to town to get supplies for the Sachem cabin.

Sachem is the capstone year for the many years that come before it. All boys want to be Sachem and all former Sachem look back on their Sachem year with pride and deep memories. It is always hard to get on the bus after a summer at Cobbossee, but it is hardest for the mighty Sachem.
